Education

Bannari Amman Institute Of Technology **2021 – 2025**
B.Tech in Artificial Intelligence and Data Science (CGPA: 8.22) *Sathyamangalam, Tamilnadu*

Work Experience

iamneo **July 2025 – Present**
Associate Tech Content *Coimbatore, Tamilnadu*

- Leading development and deployment of AI-powered educational tools and full-stack enterprise systems for content delivery teams and operational workflows, utilizing React, FastAPI, Azure OpenAI, Firebase, and workflow automation technologies.
- Architected and delivered **3 production-ready systems** (MCQ Generator, TrainOps, Trainer Scorer) serving multiple teams with **40% improved efficiency** in content generation and trainer management operations.

iamneo **January 2025 – June 2025**
Trainee Program Management Specialist *Coimbatore, Tamilnadu*

- Developed **Selenium-based automation tool** to streamline course creation and management in iamneo admin platform, reducing manual course setup time by **70%** and eliminating repetitive administrative tasks.
- Contributed to foundational design and prototyping of internal tools for content delivery and trainer operations, gaining hands-on experience in full-stack development and workflow automation.

Projects

LLM-Supported Voice Assistant | ***Python, GenAI, MTCNN, Streamlit*** **July 2024**

- Developed voice assistant utilizing **Large Language Models** for real-time speech-to-text conversions with MTCNN-based facial recognition triggering, improving response time by **30%** and increasing user engagement by **40%**.

TrainOps - Trainer Management System | ***React, Firebase, NodeMailer, Mapbox*** **July 2025 - Aug 2025**

- Built comprehensive **full-stack enterprise system** with React 18, Firebase Authentication, and Cloud Firestore supporting 3 user roles with calendar/matrix view scheduling, **real-time synchronization**, and bulk operations via Excel/PDF export.
- Integrated **GPS-based clock-in/out verification** with Mapbox and Program Manager approval workflows, deployed to Firebase Hosting with responsive UI currently in pilot testing phase.

MCQ Generator Platform | ***React, n8n, Supabase, Azure OpenAI*** **Sep 2025 - Oct 2025**

- Engineered production-ready web-based MCQ generation platform with n8n workflow automation and Supabase database, implementing **multi-select subtopic functionality** with form state persistence for precise question distribution control.
- Optimized workflows to enforce strict subject-topic-subtopic hierarchy, improving question accuracy by **40%** and successfully transitioned platform from prototype to **active production use** by Content Delivery team.

Trainer Scorer - AI Evaluation System | ***React, FastAPI, Firebase*** **Oct 2025 - Nov 2025**

- Architected AI-powered evaluation system with React/Vite frontend and FastAPI backend, featuring VTT-to-JSON parsing, **automated rubric-based scoring**, multi-format report generation (HTML/DOCX), and Azure Blob Storage integration with real-time dashboards supporting **multiple concurrent users**.

Technical Skills

Languages: Python, R, C, C++, SQL, JavaScript
Developer Tools: VS Code, Jupyter, Docker, n8n, Vibe Coder, PostgreSQL, Supabase, Figma, Android Studio
Technologies/Frameworks: React, FastAPI, Django, Firebase, Azure OpenAI, Firestore, Machine Learning, Node.js, Selenium
Cloud & Services: Azure Blob Storage, Firebase Hosting, Mapbox, NodeMailer API

Achievements

- **Employee of the Month - March and July 2025:** Recognized at iamneo for outstanding contributions in developing production-ready enterprise systems and delivering high-impact automation solutions.
- **Production Systems Deployment:** Successfully deployed 3 production-ready enterprise systems at iamneo (MCQ Generator, TrainOps, Trainer Scorer) actively serving content delivery and operational workflows.
- **BIT'S HACK'22 Winner:** Achieved top honors and Rs.10,000 cash award by creating 'Classroom Allocation Mobile Application' in 24-hour hackathon, February 2023.
- **BIT HACK'23 Finalist:** Qualified Finalist for "Ride Hailing Service Application" project, October 2023.
